Certificate III in Competitive Systems & Practices

MSS30316 CERTIFICATE III IN COMPETITIVE SYSTEMS & PRACTICES – LEAN TEAM MEMBER

Course Overview

Competitive Systems and Practices teaches the 'lean mindset' to help team members see opportunities to reduce wasteful activities and add value to the organisational processes.

MELBOURNE → SYDNEY → BRISBANE → ADELAIDE → PERTH

Competitive Systems & Practices

The Spectra Training Difference

Spectra's Dynamic Training System offers the unique experience of group and individual training delivered in workshops and on the job. This system ensures practical application of learning in your workplace so staff enjoy training and can apply their skills and knowledge.

- > Spectra Training engages with workplace mentors to ensure the training provides real benefits and improvements that help retain staff and add value to your business.
- > Our trainers are industry experienced professionals who can ensure measurable outcomes.
- > Minimal disruption to your operations as we understand day to day work pressures.
- > We engage directly with industry and implement training strategies that will respond to industry's specific needs using our in-house instructional design writers.
- > We identify where individuals may need extra support and assistance to complete their training.

MSS30316 CERTIFICATE III IN COMPETITIVE SYSTEMS & PRACTICES

Course Overview

This program teaches the lean mindset to help team members see opportunities to reduce wasteful activities in their own work, assist others to implement improvements, and add value to organisational processes.

Delivery and Assessment Methods

Delivery is a combination of group workshops and one-on-one sessions. Group workshops ensure the theory is well understood, and the one-on-one coaching sessions enable participants to practise the knowledge and skills. Assessment tasks typically include in-class activities and workplace based projects and may include on-the-job observation and questioning.

Entry Requirements

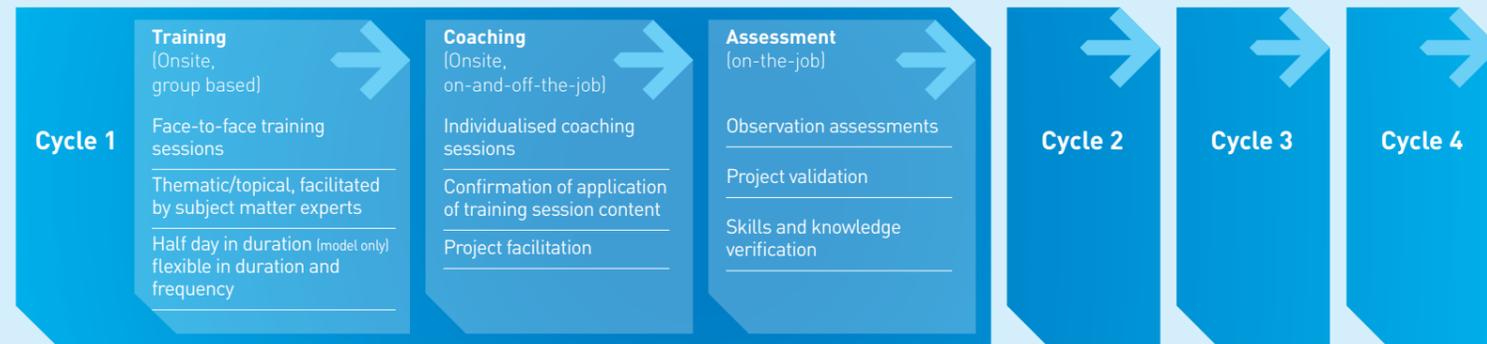

Participants' primary role/function must be to perform a variety of operational oriented tasks. Participants must have reasonable English language skills and basic literacy and numeracy skills.

Duration

This program is typically delivered over a 12 month period; however, this will vary according to client needs and will be negotiated during the consultation process.

Course Structure

Dynamic Training System Cycle

Proposed Training Program – Lean Team Member

Pre-Training	Induction & Simulation* (*Optional)	Pre-training review, including: <ul style="list-style-type: none"> > Skills recognition application (if applicable) > Language, Literacy and Numeracy assessment 	<ul style="list-style-type: none"> > Identification of learner support needs > Program overview 	Learner Induction Mentor Induction
Cycle No.	Title	Topics Covered	Units	
Cycle 1	5S	<ul style="list-style-type: none"> > Customer value vs. waste > Workplace organisation > Hazard identification > Risk assessment and control > WHS compliance 	Apply 5S procedures (MSS402040) Work safely (MSMWH5200) (Core unit)	
Cycle 2	Visual Workplace	<ul style="list-style-type: none"> > Visual instructions > Visual metrics/KPIs > Visual controls > Visual communication boards 	Implement the visual workplace (MSS403035)	
Cycle 3	Resource Reduction	<ul style="list-style-type: none"> > Identifying and monitoring resource usage > Environmental impacts of work practices > Resource usage reduction 	Participate in environmentally sustainable work practices (MSMENV272) (Core unit)	
Cycle 4	Problem Solving	<ul style="list-style-type: none"> > Root Cause Analysis > Problem identification and elimination > Problem solving tools and techniques 	Undertake root cause analysis (MSS402080)	
Cycle 5	Kaizen	<ul style="list-style-type: none"> > Continuous improvement models > Current vs. future state > A3 improvement plans > Standardised work practices > Adopting change 	Implement continuous improvement through the use of standardised procedures and practices (MSS402052)	
Cycle 6	Elective Cycle	<ul style="list-style-type: none"> > Process maps and flowcharts > Identifying waste and value adding activities > Internal and external customers and suppliers > Understanding the process and customer requirements 	Map an operational process (MSS403053) Elective Unit (MSS40xxxx)	
Cycle 7	Reflection - Sustaining the system	<ul style="list-style-type: none"> > Sustaining improvements > Celebrating achievement > Auditing and monitoring > Future planning 	Review competitive systems and practices (MSS403001) (Core unit) Ensure process improvements are sustained (MSS403085)	

For Cycle 6, a relevant value-adding elective must be selected from the following, based on the operational environment:

Cycle 6 Elective Options	QCO	<ul style="list-style-type: none"> > Ensuring safe and efficient changeovers (setup reduction) > Identifying internal, external and parallel tasks > Streamlining activities 	Apply quick changeover procedures (MSS402020)
	Cost Reduction	<ul style="list-style-type: none"> > Understanding how work practices affect costs > Identifying costs controllable by self and work team > Applying cost reduction strategies 	Apply cost factors to work practices (MSS402082)
	Mistake Proofing	<ul style="list-style-type: none"> > Error proofing concepts > Identifying critical quality points in work processes > Implementing error proofing methods and devices 	Mistake proof an operational process (MSS403087)

Pre-training Review

Prior to the commencement of training, a pre-training review will be undertaken to ascertain the participant's current levels of language, literacy & numeracy (LL&N), eligibility for skills recognition/recognition of prior learning and if any specific support needs are required.

Mentor Induction and Engagement

Spectra Training believes that it is very important to have effective workplace mentors from your business engaged in this learning. This ensures that the knowledge and skills are reinforced throughout the program and that the participant progresses through and completes the course. Workplace mentors are comprehensively inducted into the program so their roles and responsibilities are well understood.

Pathway / Careers

Successful completion of this program assists in developing an autonomous worker capable of making effective decisions to improve their own and others' work processes, and can lead to career opportunities as a team leader, or process or operational specialist in various manufacturing or service oriented organisations.

Further study can be undertaken in the Certificate IV in Competitive Systems & Practices (MSS40316).

Access and Equity

Spectra Training is committed to ensuring people with special needs have equal opportunity and access to its courses. Spectra Training is committed to identifying and supporting the learning needs of each individual and encourages people of all abilities to apply to undertake learning.

Fees and Charges

Information about course fees and charges can be found in the National Fees Booklet available on the Spectra website: www.spectra.edu.au

Spectra's Refund Policy is also published on the website.

Eligibility / Government Funding

Spectra Training is a national provider of workplace training (T01D 21356). For eligible participants, this training may be partly funded by your State/Territory Government in partnership with the Commonwealth Government.

If accessing this funding students may not be eligible for further State and Commonwealth Government Funded Training.

For information on eligibility criteria, please consult the Spectra Training website.

For further information on state/territory initiatives or details of an Australian Apprenticeship Centre please visit: www.australianapprenticeships.gov.au
